Mr. Michael Eko
Student at Ciputra University

Dear Mr. Michael,

I am delighted to write to you today to convey our heartfelt congratulations on your exceptional achievement as the 1st place winner of the A.G.A. Hackathon, which took place on September 2nd and 3rd, 2023, which resulted in a 48-hour hackathon in Bali, Indonesia.

The A.G.A. (Artificial Guardian Angel) project represents a pioneering effort to develop superintelligence rooted in ethics and benevolence. For this award, eligibility is judged on the following criteria:

3.5+ GPA for combine spring program and fall course for Science course
Strong performance in Maths.
3.2+ CGPA

You have successfully met these criteria and demonstrated the outstanding qualities that we look for in the recipients of this award. Your victory in this Hackathon underscores your unwavering dedication to cutting-edge technology and its potential to impact humanity positively—an alignment with our organization's core values.

Your victory serves as an inspiration to us all. Your outstanding skills, dedication, and innovative contributions distinguished you as the highest-rated participant in this prestigious event. We are proud to acknowledge and celebrate your remarkable talent and commitment to advancing technology for the greater good.

Once again, congratulations on this outstanding achievement. We eagerly anticipate witnessing your continued growth and success.
